

# Sunsational SUMMER Skin Care

Summer is approaching—and that means it's time to make a couple of adjustments to your skin care routine. With all those rays you're catching outside, it's important to be using products daily that can protect your skin and the delicate tissue on your lips from UV exposure and the drying effect of the sun. Here are two top picks from local retailers that can give you the extra moisture and protection you need.

**FOR SUN PROTECTION:**

**Supergoop!  
Sunscreen Mist**

In addition to providing complete broad-spectrum protection, this healthy sunscreen mist delivers antioxidant-fueled hydration that moisturizes skin without leaving an oily residue.
